

Transportation Info

Indiana University preserves its green spaces, and as a result parking is limited on campus. IU students manage very well without cars—most walk, bike, or ride the bus to campus. You'll find many safe and easy ways to get around.

4. Taxi services-

Bloomington is small enough that you won't break the bank taking the occasional taxi from any point A to any point B. And you can always share rides with friends for a less expensive, greener option.

- [Red Tire Taxi](#): 812-250-8887 or 812-322-3949
- Yellow Cab Taxi: 812-339-9744
- [Uber](#): UberX or UberXL economy options with seating for up to five people

5. Shuttles

Shuttle services can take you to and from the Indianapolis International Airport, a 50-mile drive from campus. Go Express Travel also runs between the IU Bloomington and IUPUI campuses.

- [Classic Touch Limousine Service: 812-339-0082](#)
- [Go Express Travel Bloomington Shuttle: 800-589-6004](#)

6. [Catch-A-Ride](#)

A safe and convenient option for IU students who hail from Chicago, South Bend or northwestern Indiana, this service is available during holidays, IU breaks, and select weekends.

7. [Parking on and near campus](#)

If you must drive to campus often, you'll want to get a parking permit. There is no free parking on or near campus, and at peak times of the day and year, be prepared to hunt for the closest spaces.

- a. [Find IU parking lots](#)

Don't gamble—you will be ticketed for parking in an IU lot without a parking permit. The City of Bloomington will also ticket you for not paying the meters on city streets near campus, unless you have a city parking permit.

8. Biking

Welcome to Biketown, U.S.A. To say we are a bike-loving community is an understatement. Biking is nearly a religion at IU, and we have the world's greatest college bicycle race—the Little 500—to prove it. It's also our favorite green way to get where we're going.
